Executive Summary

This report provides service data for the 2-1-1 Helpline, the Sunshine Service and the Homeless Management Information System (HMIS). The majority of data presented are from users of the 2-1-1 Helpline and 2-1-1 Online database.

The following summarizes the contacts managed by 2-1-1 Brevard between July 1, 2005 and June 30, 2006:

<u>Type of Contact</u>	<u># of Contacts</u>	<u>% of Total Contacts</u>
2-1-1 Helpline calls	28,630	50%
Sunshine Service calls ¹	6,762	12%
Helpline online visits ²	21,993	38%
Total Contacts	57,385	

The above contact summary does not include people reached through the sale of the *2-1-1 Brevard Directory of Community Services*, participants in training programs, or clients recorded by other agencies using the Homeless Management Information System.

The number of calls above includes calls routed to 2-1-1 Helpline by the National Suicide Prevention Lifeline and the Rape, Abuse & Incest National Network (RAINN), as well as after-hours calls handled for the Volusia/Flagler County United Way 2-1-1.

As you review the report, it will help you to be aware of the following:

- Helpline data presented are based on call records. One record (e.g., one caller episode) may have multiple incoming/outgoing calls and/or multiple problems and needs; therefore, the total numbers of contacts, call records and problem/needs will vary.
- The majority of 2-1-1 callers prefer to remain anonymous, consequently, the category “unknown” will frequently represent a significant percentage of calls in many categories.
- *Contact Type* refers to the assistance provided to the caller; *Problem/Need* refers to the issues for which the caller is seeking assistance.
- There are two versions of the Referral Report; the first is arranged alphabetically for ease in locating a specific program; the second reflects referrals in descending numerical order. Program names do not always include the name of the operating agency.

This report can be downloaded from www.211brevard.org. If you have any questions or comments about the report data, please contact Libby Donoghue at 321.631.9290 xt. 202.

¹ Between 25 – 30 unduplicated clients are served in this program. The contact numbers presented reflect the actual number of contacts made with these clients over the course of the year

² This number represents unique visits to the site, not page views

Long Term Recovery	242	1%
Linkage, Linkage + Counseling, Other	95	0.4%
TOTALS:	26,159	100%

Definitions:

Contact Type refers to the type of assistance provided to the caller:

Information & Referral: Detailed response to an expressed need for community service which typically involves a needs assessment and evaluation of appropriate resources

Information Only: Limited response to a request for non-complex information; e.g., a telephone number to an agency already known to the caller

Counseling: Use of active listening skills to respond to the emotional state of the caller

Linkage: An information & referral call in which the caller is linked by telephone to the needed service.

Other: May include **Advocacy**, assistance for a caller who lacks the capacity to navigate the health/human service system and **Emergency Response**, when law enforcement, fire/rescue, ambulance or the Abuse Hotline is contacted on behalf of the caller
